## There's No Better Time to Break the Habit

### *Participate in the Great American Smokeout Nov. 18*

Did you know that cigarette smoking is America's leading preventable cause of illness and premature death? Over 400,000 people in the U.S. die from the effects of smoking each year.

But according to the American Cancer Society, nine out of 10 smokers would like to quit. And there's no better time to do it than during the Great American Smokeout Nov. 18.

To make the transition easy, local health professionals and peers are available to assist.

- Patch High School teens are becoming teen educators. These Volunteer Service Learning students have attended intensive training on the risks of tobacco use and have developed presentations for Patch Elementary students. Awareness information given by peer educators to youth who are making choices about tobacco use is the best type of prevention.
- Volunteer health professionals eager to encourage a "cold turkey" day without tobacco will be manning information tables with literature, support kits and posters. Look for them at the dental/health clinic, Patch Commissary and Theater and Robinson Barracks Commissary/Exchange from 10 a.m. to 3 p.m. and at the Panzer and Patch dining facilities during lunch hours.

For more information on the Great American Smokeout call the Stuttgart community health nurse, 430-8209/civ. 0711-680-8209, or go online to ([www.cancer.org/smokeout/](http://www.cancer.org/smokeout/)).

Lipton Award:** Youth Services intends to present the Lipton Award annually in a high-profile setting to a U.S. Army Europe community participant who most consistently demonstrates fair play and sportsmanship. Each Youth Services program has one Lipton Award trophy and 10 certificates for athletes who place as runners-up for the prize.

**Jackie Joyner-Kersey Volunteer Award:** Youth Services will choose a YS volunteer who has consistently displayed a dedication to enriching the lives of young women through community sports and fitness programs.
